Alternative wine variety tastings

Join Department of Primary Industries and Regional Development Research Officer Richard Fennessy in sampling a range of alternative wine varieties grown at a trial site within the Geographe wine region.

Tuesday 23 January 2018

3.00pm - 5.00pm

Sensory Lab, Margaret River Education Campus

Bussell Highway, Margaret River

Gain insights into the characteristics of Grüner Veltliner, Vermentino, Saperavi, Dolcetto, Graciano and eight other interesting varieties.

Learn about their performance and potential suitability to your region.

Places are limited due to venue capacity

Registrations are essential, RSVP by Wednesday 17 January
