Variable but overall good class. Low point & Bronze Wines lack real SAB punch. Young vines? Or put into SSB blends. Three diverse styles in the Golds. Purity of fruit & length had wine 12 as top.

Some good wines stuck out in a large class of plain ones. However 3 solid golds of different styles with the top being of the stalk/whole berry style. Faults were: shaded fruit, young vine, over-cropped - weediness and H2S/Brett. It is a problem with low colour /ripe fruit to hold back the SO2 for fear of dropping colour. Either

A very disappointing result for one of the important varieties of the region. Merlot is very susceptible to oxidation and this was demonstrated in this class.

Judges surprised by so few entries. This is one of Australia's top Cabernet regions?? Where are the great aged wines? This should be regions showcase.
