

Wine industry sustainability workshop

Grape growers and wine producers are invited to attend this workshop featuring Dr Mardi Longbottom from the Australian Wine Research Institute. Learn more about the Sustainable Winegrowing Australia program and how you can get involved to improve your business' sustainability credentials. Producers already involved in the program or those interested in participating are encouraged to attend.

Tuesday 29 June 2021

9.30am – 1.00pm

Margarets In Town (Townview Room)

Cnr Bussell Hwy & Tunbridge St, Margaret River

Registration to yu-yi.liao@dpird.wa.gov.au

This is a free workshop. Please include dietary requirements with your RSVP

The half day program will include:

- Presentations on the Sustainable Winegrowing Australia (SWA) program.
- Opportunity for one-on-one discussions with Margaret River Wine Association Sustainability Engagement Officer, Ely Jarvis.
- Presentation of benchmarking case studies relative to the Margaret River region.
